

2008 RIDE RESULTS

3rd Annual

Appaloosa Horse Club

National Championship Endurance Ride

The 3rd annual ApHC National Championship Endurance Ride was held in conjunction with the Indian Territory Elevator ride in Oklahoma. Originally slated to be run around Oologah Lake, a man-made reservoir near Foyil, the location was abruptly changed when the water level was raised and flooded all the trails only 11 days before the event. Ride Manager Susan Young was on the spot, however, finding a new location near Stillwater within a couple of days. About an hour's drive from the original site, Lake Carl Blackwell provided pre marked trails and equine-friendly facilities for the participants. Thank you, Susan!

Cat Carter and her 13-year-old gelding, *Thespurofthemoment*, captured top honors when they finished first in 6 hours and 31 minutes. Spur was selected by the ride veterinarian as Best Condition and as such received the perpetual George Hatley Trophy. Not only did Cat and Spur take these two awards, *they also took first place in the Indian Territory Ride.* Congratulations to this great team!
