## Mare Owner Contract

I, \_\_\_\_\_, agree to pay the sum of \$\_\_\_\_\_ USD for the purchase of the stallion service of the ApHC stallion \_\_\_\_\_. With this purchase, I will receive a certificate signed by an ApHC official indicating the foal resulting from this breeding will be eligible for the 2015 World Sale two year old incentive futurities (entry fees are additional and pricing will be included in the 2015 World Show premium book). This certificate must be submitted with the foal's registration application.

I understand all stallion fees will be paid directly to the ApHC within 30 days. I also understand there will be NO refund of stallion fees by the ApHC. All stallion breeding contracts and any ancillary costs (chute fees, shipping fees, etc) are strictly between myself and the stallion owner. If for some reason the mare does not produce a foal from this breeding, I must notify the stallion owner and the ApHC and provide certification from a veterinarian.
