Show/Race Pedigrees:

Show points are the lifetime points earned by a horse, divided into H for points earned in Halter classes and P for points earned in Performance classes. The show points are subject to change for any horse that is actively showing. All current-year points are not official until December 31st each year. Points were not earned at National and World shows prior to 1979; therefore those shows will not be printed on the pedigree. Race and show results may not be available for horses that earned them before 1986.

Example: H-15 (15 Halter points) P-50 (50 Performance points)

Race history is the lifetime starts, wins, seconds, thirds, and earnings.

Example: 26 10 4 9 \$110,000
(26 starts, 10 wins, 4 seconds, 9 thirds, \$110,000 earned in the horse's lifetime)

Foal years that show 99 refer to an unknown foaling year.

Data provided or compiled by the APPALOOSA HORSE CLUB generally is accurate, but occasionally errors and omissions occur as a result of incorrect data received from others, mistakes in processing, and other causes. The ApHC disclaims responsibility for the consequences, if any, of such errors, and would appreciate such errors being called to its attention.

Parchment pedigrees are ideal for the veteran horseman, breeder, or new owner. Suitable to be framed for home or office, whether a renowned champion or a beloved family pet, each pedigree is individually researched and printed on high quality 8½X 11 parchment paper. We are not able to produce a pedigree for non-Appaloosas. If other breeds are in the pedigree of an Appaloosa, we may be able to provide the name and registration number if it is available. Only Appaloosas will have their colors and show/race history recorded. Race and show results may not be available for horses that earned them before 1986. Please mark the type of pedigree you would like, list your horses in the space below and mail with the appropriate payment to:
