Breeders Committee Conference Call Meeting Minutes

August 3rd, 2018

3:00 pm PT

Roll Call was taken.

- Members present for all or part of the call include: Sean Schembri, Mary Ann Page, Ray Burchett, Lesli Glen, Terie Clark
- Members absent from the call include:
- Also present: Tom Hodges, Dena Raggio

Meeting was called to order at 4:40 central

Main topic of Discussion was DNA and if the committee thought it would be beneficial at this time to pass on our information gathered with the help of the Breeders Advisory Committee to the full Board for further discussion.

Sean stated that he would like to have more information especially the End date of our contract with Maxxam and the amount the ApHC actually keeps from the 60.00 paid by the membership for a DNA test. Also all members agreed we would like to know if it is possible to move to a US lab.

Ray brought up that if we require DNA would we be able to do away with the Performance Permit. Discussion that followed included maybe the Appaloosa to Appaloosa but keep the Appaloosa to outcross as a show permit or a name to be decided on at that time.

Also discussed was that a start date for requiring DNA if passed by the full board would likely be 2021 registrations from the 2020 breeding season along with all other registrations submitted starting in 2021.

Breeders Trust was spoken of and the Breeders Committee is gathering ideas for ways in which to invigorate the trust and encourage more members to participate.

Terie stated she will contact the office to gather the requested information on the Maxxam contract and will at time send all information to the members of the committee and call another meeting.

BC Motion 01-08-18: The Breeders Committee moves to send DNA testing to the full board for further discussion of feasibility based on the decision of the Breeders Advisory Committee.

Motion made by: Lesli Glen, seconded by Ray Burchett

Motion passed unanimously
