

From The Mountain Rose's owner, Stephanie:

She has been an incredible friend & has taught me much. I have loved Appaloosas since I was a child. As an adult, both of my horses have been Appaloosas. My first horse, Pat's Prince A (AKA "Kee") 4/29/1976-7/18/2003 was the grandson of Prince Plaudit. My goal was to be able to participate in the Chief Joseph trail rides but unfortunately circumstances prevented me from attaining that goal.

Rosie is my second horse. I bought her at the age of 18 years after she had been abandoned at the property a friend had just purchased in AZ. Fortunately, they left her pictures & registration papers there. He brought Rose to Las Vegas where I was boarding my first horse, "Kee". Rose was not what he was looking for in a horse, but she suited me well. From the pictures that were left, it appears Rose may have been entered in some halter classes around two years of age. I was not interested in the show circuit but we had many great years of trail riding together. She is very strong willed, which has served her well as she ages. It's hard to believe that she is 35 years old when looking at her move. She certainly isn't a quitter!

Here are pictures of my girl, from being a filly until now at 35. She certainly changed color as she aged as you will see.
