

March 13, 2020

ApHC leadership continues to monitor the COVID-19 outbreak and the impact on sanctioned events. We have canceled the April meeting of the Board of Directors that was to be held in Las Vegas in early April. We have not canceled the upcoming 73rd National Championship Show & 2020 Youth World Championship Show. If circumstances change, ApHC will communicate that information as quickly as possible. Managers of ApHC-approved shows, working in conjunction with local authorities, should individually determine whether or not to hold their events and if held, we ask you to remind participants to participate safely and take all recommended precautionary measures to avoid becoming sick or spreading the virus. It is our hope that with diligent care and precautionary measures, our membership will remain safe and healthy.
